ECO⁺

Vehicle protection that doesn't cost the earth.

The ECO⁺ Program includes a range of sustainable products to better protect your vehicle.

ECO⁺ Exterior Surface Care

A more sustainable way to protect your cars exterior with a hi-concentrate ceramic coating for extreme durability, gloss and shine. This means, less time maintaining its appearance!

ZERO Ceramic Window Film

100% metal free, delivers significant protection against harmful UVA and UVB rays, dramatically reduces heat in the cabin and therefore reduces air-con usage.

ECO⁺ Interior Surface Care

Helps preserve and protect leather, vinyl, fabric and carpet surfaces with a water-based protective coating, where everyday spills can simply be wiped away.

Truseal Tyre, Wheel & Glass Protection

Delivering extreme durability while permanently locking in that factory finish. It also protects against future UV damage and fading.

Purchase the ECO⁺ Protection Pack and receive a Driver Safety Kit!

You'll get a first aid kit, car power bank and charger, fire extinguisher and lots lots more! All bundled up in a high quality bag that will last forever.

We've used a high quality bag that will last longer and will contribute to helping the planet.

A BETTER CHOICE

A more sustainable way to protect your vehicle.

ECO+ Exterior Surface Care with Graphene

This high performing exterior coating formula with graphene offers a **more sustainable way to protect your car's exterior**, resulting in extreme hardness and resistance.

ECO+ with graphene delivers super hydrophobic properties **creating an easy-clean, low maintenance surface**. Engineered with nanotechnology to produce distinctive beading which rolls off the surface helping take away dirt, dust and road grime.

- The once-off application adds permanent protection, eliminating the need to wax and polish.
- Helps preserve your vehicle's re-sale value.
- Comes with a nationwide lifetime warranty*.
- Provides protection against clear coat delamination.

Protects your paint against the damage caused by:

- | | | |
|-----------------|------------------------|-----------------------------|
| • Road grime | • Bug splatter | • Tree sap |
| • Fallen leaves | • Bird & bat droppings | • Rail dust |
| • Bore water | • Sunscreen | • Weather induced oxidation |

A Better Choice

This product is a concentrate, and only available portion controlled, which means **less manufacturing, less wastage.**

Protect the interior for longer lasting comfort.

ECO+ Pack
Vehicle Protection that
won't cost the earth.

ECO+ Interior Surface Care

By choosing ECO+ surface care products, you are contributing to a more sustainable way to protect your vehicles interior surfaces, which are designed to maintain the condition of your vehicle and provide a durable barrier against whatever life throws at it.

This range of interior surface coatings create a barrier against UV damage and staining, meaning that all fabric, carpet, vinyl and leather surfaces are treated to **protect against discolouration**, as well as spills and stains.

ECO+ interior care is a **once-off application** for a lifetime* of protection.

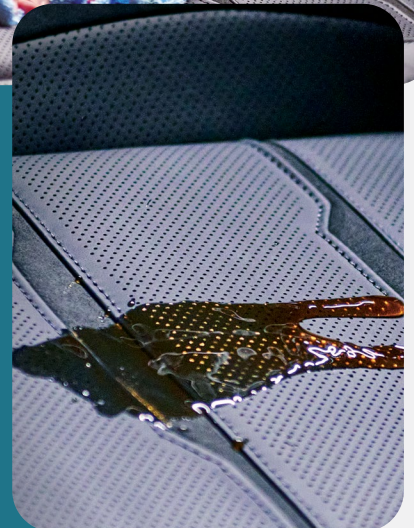

Protects interior surfaces against the damage caused by:

- Food stains
- Drink stains
- Discolouration^
- Dehydration
- Make-up
- Sunscreen
- Mould & mildew growth

A Better Choice

With only one layer of our concentrated water-based treatment, it beats other household aerosol protection sprays in the race to save the planet.

zero

Ceramic Window Film

Ceramic Window Film

Introducing the latest in ceramic technology, 100% metal free window film, delivers significant protection against harmful UVA and UVB rays and **dramatically reduces heat in the cabin, therefore reduces air-con usage.**

Darkest legal ZERO window film also delivers **outstanding glare reduction and ultimate privacy.** In addition, you'll get the added safety bonus of the vehicle's glass holding together in the event of an accident. For peace of mind, ZERO window film comes with a lifetime warranty*.

- 57% Glare rejection for maximum safety
- 99% UV rejection for maximum protection
- 54% Solar rejection for maximum comfort
- 35% Visible light transmitted for maximum privacy
- 100% dye-free & metal free
- 87% Infrared heat rejection (IR)

Please be conscious of the planet before printing this brochure.

A Better Choice

ZERO Ceramic is non-metalised and therefore more recyclable. We cut waste by laser-cutting film customised to each vehicle. ZERO cuts down direct sunlight in the car, which means less heat, and less load on the air-con.

Protect your wheels and your planet.

Truseal Tyre, Wheel & Glass Protection

Ceramic Alloy Wheel Protection

Made from a high performance formula combining Silicon Carbide (SiC) and Silicon Dioxide (SiO₂), Truseal Wheel Protection **delivers extreme durability, permanently locks in that factory finish and protects against future UV damage and fading.**

- Reduces reliance on harsh cleaning chemicals. In most cases soapy water is enough to completely clean the wheel.
- Hydrophobic properties reduce the adhesion of contaminants such as brake pad residue, road grime and dust.
- Helps prevent alloy wheel pitting caused by brake dust.

Tyre Protection

Using advanced polymer technology, Truseal Tyre Protection adds a durable deep satin finish, enables simple cleaning with soapy water, is silicon free and offers a flexible protective barrier against harmful UV rays.

Glass Protection

Increase visibility on your windscreen using advanced ceramic formulation, creating a highly durable protective layer between glass and the elements. With treated wiper blades, your windscreen will be protected from micro scratches and smearing.

A Better Choice

By creating a durable coating on tyres, wheels and glass, Truseal reduces the frequency of washes. **Less washing means less water wastage and less chemicals down the drain!**

+
Optional Extras

Add a Dash Cam to your purchase!

Make the smart move and capture every drive with one of our quality dash cameras.

+ BlackVue DR750X Dash Cam

Redefining expectations for dash cam video fidelity. With **front and rear camera coverage**, your vehicle is fully protected.

- Records both audio and visual footage.
- Built in GPS provides speed recording and tracks travel via Google Maps.
- Built in WiFi allows for viewing a live feed, downloading footage and adjusting settings.
- Includes a 32 GB SD card which allows for easy viewing of captured footage.
- Dedicated App (available via iOS and Android) for reviewing captured footage. In any sudden accident, footage can be replayed immediately.
- Professionally installed by a trained technician.
- Available as front only or front & rear cameras.
- Parking Mode enabled*.

*Parking Mode also includes a safety-cut off feature to ensure your vehicles battery does not go flat and will shut down the camera if it detects it's getting low. Some vehicles may also require the optional Battery Backup System to enhance the stand-by time in Parking Mode. Recommended for Hybrid or Electric Vehicles.

Additional battery pack required for all electric vehicles.

A Better Choice

Purchasing a high quality dash camera reduces the frequency of replacing the unit with new models, hence providing a more sustainable product. Less waste, less production of goods.

+
Optional Extras

Add a Dash Cam to your purchase!

Make the smart move and capture every drive with one of our quality dash cameras.

+ M4 RoadView 4K Dash Cam

The ultimate in recording quality, with the latest 4K HDR for increased clarity. Wide viewing angles on both front & rear cameras to capture every moment.

- Helps to provide evidence in the event of an accident by recording both video & audio on every drive.
- Premium video quality with Ultra-HD "4K" resolution recording.
- Wi-Fi enabled for compatible smartphones using the M4 RoadView App, save important videos on the go, or remotely via the Cloud*.
- Parking mode enabled†. Along with Impact Detection and low-voltage battery protection.
- Professionally installed by a trained technician.
- Available as front & rear camera only.

Ultra-HD 4K resolution with the SONY™ STARVIS image sensor.

Designed for your EV with no additional battery required!

*BYO Data. †Please note, Parking mode is dependant on each vehicles battery condition and must be above a predetermined voltage cut-off to function. ‡Warranty terms, conditions and exclusions apply. Please note that this product is an aid only. No liability is borne, without limitation, for any damage or associated loss sustained to the vehicle or driver, or caused by the driver.

A Better Choice

Purchasing a high quality dash camera reduces the frequency of replacing the unit with new models, hence providing a more sustainable product. Less waste, less production of goods.
